

## PRODUCT SHEET

### CHEWABLES

Chewable tablets are an excellent choice for food supplement formulations when production time and cost efficiency are key factors. They can be customized with a **wide range of delicious and innovative flavors**, effectively **masking unpleasant tastes** and making them more enjoyable to take.

Chewable tablets are **particularly convenient** for consumers with swallowing difficulties and children, as they are **easy to take without liquids** and **easy to dose**. Additionally, **sugar-free options** are available to cater to specific dietary needs.
