

WELLBEING & COMFORT

FIBER MIX CAPSULES

Natural Support for Digestion & Satiety

Boost your daily fiber intake with Fiber Double Capsules, a powerful blend of **Glucomannan Root powder** and **Locust Bean gum**. Glucomannan, a water-soluble fiber, expands in the stomach, promoting a pleasant feeling of fullness, supporting weight management when combined with a balanced diet. Locust bean gum, also a vegetable fiber with a high swelling capacity, complements this effect. Perfect for anyone looking for natural, plant-based fiber support, these capsules promote a balanced gut and a healthy lifestyle.

Product Specifications
