

RECHARGE YOUR SYSTEM WITH RECOVERY DRINK POWDER

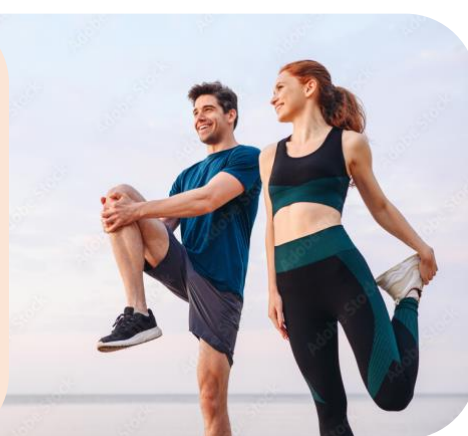

Smart Recovery for Endurance Performance

During exercise and due to factors, such as muscle tension, hormones, etc., muscle fibers break down and energy reserves are depleted. Our body enters a state of recovery, so the metabolism is receptive to recover nutrients and regenerate muscle structures.

Our Recovery Drink provides post-workout recovery with a targeted blend of **L-Leucine, Quercetin (Flavonoid) and essential vitamins & minerals**. In addition, **Electrolytes** help restore hydration.

- Post workout formula with **carbohydrates, proteins, amino acids and antioxidants**
- **Vitamin E, C & Selenium** to contribute to cell protection from oxidative stress
- **Selenium, Vitamin B6, Zinc & Vitamin B12** to promote a normal immune system function
